- MWDOC Water Usage Report
- Southern California Edison Energy Conservation Reminder

City Manager's Office News

June 15 Special Meeting: A Special Meeting is scheduled for Wednesday, June 15 for a presentation by the Research Company on the recently completed public engagement survey. It is anticipated that the Agenda and Staff Report, including the Report will be posted Saturday afternoon.

Community Services News

Arterial Street Projects: The pavement rehabilitation projects for Valley View Street and Fresca Drive will begin next week. Both jobs will have cold milling and paving operations performed at night to minimize traffic impact and for safety reasons. As both projects are in commercial/industrial areas, noise should not affect residents. As R.J. Noble received the contracts for both projects, the work is being done concurrently to compress scheduling and

minimize impact. Message boards have already been placed in the area to inform drivers of these projects. Below is the schedule coordinated with the contractor:

June 13 – 16	Mobilization for both projects
June 20- July 1	Concrete removal and replacement
July 5-6	Cold milling
July 11-12	Paving
July13-20	Adjust utilities and first coat striping
July 20	Traffic Signal Loop installation
July-21-25	Fresca Final striping and demobilization
July 21-Aug. 15	Final striping and demobilization

Police Department News

Special Olympics Torch Run: The Police Department will be participating in the Special Olympics Torch Run on Friday, June 10, 2016. The torch will be carried by a number of the Department’s employees and volunteers, including the Police Explorers. The run begins at the Police Department building at 8:00 a.m., and will continue through several major city streets and commercial complexes. The torch will then be handed off to the city of Buena Park on Orangethorpe west of Valley View.

Two New Officers Being Sworn In: Two new full-time police officers, Dan Masek and Ivy Zhao, will be sworn in on Monday, June 13, 2016, at 11:30 a.m. The ceremony will take place at the Community Center. The new officers’ photos and bios will follow.

AGENDA

CONCERTS IN THE PARK SUBCOMMITTEE MEETING

LA PALMA COMMUNITY ACTIVITIES AND BEAUTIFICATION COMMITTEE

June 14, 2016

If you wish to speak before the Community Activities and Beautification Committee, please complete a Speaker Form identifying which item(s) you wish to address and provide the Speaker Form to the Recreation Supervisor. Speaker Forms are available in the City Hall lobby. Speakers on numbered agenda items and Oral Communications (non-agenda items) are limited to five (5) minutes each.

5:30 p.m.
Conference Room
La Palma City Hall
7822 Walker Street, La Palma

CALL TO ORDER

ROLL CALL: Committee Members

PRESENTATIONS

1. None Scheduled.

ORAL COMMUNICATIONS (Time Limit: 5 Minutes Each)

Time has been reserved at this point in the Agenda for persons wishing to speak on any item that is not listed on the Agenda. By law, the Community Activities and Beautification Committee is prohibited from taking action on such oral comments. The matter will be automatically referred to staff for appropriate response or action or will be placed on the Agenda of a future meeting. Matters listed on the Agenda may be addressed either at this time or at the time they are before the Committee for discussion.

CONSENT CALENDAR

All matters listed under Consent Calendar will be acted upon by one motion affirming the action recommended on the Agenda. There will be no separate discussion on these items prior to voting unless members of the Committee, Staff, or the public request that specific items be removed from the Consent Calendar for separate action. Any member of the public who wishes to discuss

a Consent Calendar item should come forward to the microphone and, upon recognition by the Chair, state his or her name, address, and the item number.

None Scheduled.

REGULAR ITEMS

1. Sponsorship Update
2. CAB Duties
3. Local Non-profit Food Vendors
4. Promotion

COMMITTEE MEMBER REMARKS

RECREATION SUPERVISOR/RECREATION COORDINATOR REMARKS

ADJOURNMENT

NOTE: As a general rule, staff reports or other written documentation have been prepared or organized with respect to each item of business listed on the agenda. Copies of these materials and other disclosable public records distributed to all or a majority of the members of the Committee in connection with an open session item on the agenda are on file and available for inspection with the Community Services Department, 7821 Walker Street, during regular business hours 7:30 A.M. to 6:00 P.M., Monday through Thursday. If such writings are distributed to members of the Committee meeting, the writings will be available at the entrance to the City Council Chambers. If you have any questions regarding any item of business on the agenda for this meeting please contact the Community Services Department at (714) 690-3350.

In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, you should contact the Community Services Department at (714) 690-3350. Notification 48 hours prior to the meeting will enable the City to make reasonable accommodations to ensure accessibility to this meeting.

MINUTES OF THE LA PALMA
COMMUNITY ACTIVITIES & BEAUTIFICATION COMMITTEE MEETING

MAY 10, 2016

CALL TO ORDER: Vice Chair M. Goodman called the Regular Meeting of the La Palma Community Activities & Beautification Committee (CAB) to order at 6:37 p.m. on May 10, 2016 in the Council Chambers of La Palma City Hall, 7822 Walker Street, La Palma, California.

ROLL CALL:

Committee Members present: Vice Chairperson Goodman,
CAB Member Alvis,
CAB Member Dhauw,
CAB Member Duke,
CAB Member Peters
CAB Member Rippee

Committee Members absent: Chairperson Lew

City Officials present: Mike Belknap, Community Services Director
Cindy Robinson, Recreation Supervisor
jaNell Adams, Recreation Coordinator

APPROVAL OF CAB COMMITTEE MINUTES

April 12, 2016, Minutes of the CAB Committee.

Committee Member J. Rippee made a motion to approve the April Minutes.

The motion was seconded by Committee Member J. Dhauw and carried on the following vote:

AYES: Vice Chairperson Goodman
CAB Member Alvis,
CAB Member Dhauw,
CAB Member Duke,
CAB Member Peters
CAB Member Rippee

NOES: NONE

AGENDA ITEMS:

1. BUDGET

A. 2016/17 Fiscal Year

Community Service Director Belknap informed the CAB Committee the City Council approved the 2016/17 Fiscal Budget at the May, 3 2016 City Council meeting. The CAB Budget had one change: reduced Concerts in the Park from 6 to 4 Concerts. All other CAB events budgets are the same as the 2015/16 budget.

The La Palma Days event was suspended for 2016.

2. COMMITTEE STRUCTURE

A. Lower size of CAB Committee

Community Service Director Belknap gave a brief history of the CAB Committee structure and he suggested the CAB Committee members be reduced from 11 to 7 member due to the decline of CAB applications and the lack of meeting quorum for monthly meetings.

Committee Member A. Duke asked if the length of time of the term would be changed. Community Service Director Belknap replied it would not affect the length of the term. Discussion ensued and there was consensus to reduce the number of CAB members.

Community Service Director Belknap will take the suggestion to lower the CAB member size from 11 members down to 7 members to City Council.

3. ARBOR DAY

A. Subcommittee Report

Recreation Coordinator Adams thanked the CAB Members for the time and effort put into the Arbor Day Celebration. She asked for feedback and/ or recommendation for next year. Vice Chair M. Goodman thanked staff for their work for the event. Committee Member K. Peters requested the staff be recognized in the script for all their involvement in the program. Community Service Director Belknap asked for staff to inform local elective official of the opportunity to award the Art Contest winners with Certificate in advance to avoid the rush of receiving them the day of the event. Committee Member A. Duke recommended to continue to add the art entries onto the A-Frames prior to the day of the event. Committee Member S. Alvis thanked Committee Member K. Peters for being the Mistress of Ceremonies for the event and also for delivering the Summer Home Spotlight Award at the City Council meeting on May 3, 2016.

4. MEMORIAL DAY

A. Subcommittee Report

Committee Member A. Duke reported the program line up for the Ceremony. The Subcommittee has secured a Navy unit to send letters and care packages to. The Subcommittee met prior to the CAB meeting to judge the art, poem and essay entries. Discussion ensued about 2 essay entries as to

whether to award them since they were the only two entries. Discussion ensued as to whether or not to post them during the Ceremony due to one of the entries choice of words that could be view as offensive. The Committee concluded due to the lack of entries they will not present an award for the essay and poem entries and will post the two entries during the Ceremony.

Next Subcommittee meeting will be May, 17 at 4:00 p.m. at the Community Center.

5. CONCERTS IN THE PARK

A. Subcommittee Report

Recreation Supervisor Robinson reported the letter inviting local nonprofits will be mailed out May 11. Recreation Coordinator reported the Sponsorship Program had received \$1,750. The deadline to turn in the Sponsorship forms is May 27, 2016.

Next Subcommittee meeting will be on June, 14 at 5:30 p.m. at the City Hall's Conference room.

COMMITTEE COMMUNICATIONS:

Recreation Supervisor Robinson asked which members of CAB members were attending the Volunteer Recognition on Thursday, May 12 at 7:00 p.m. at the Community Center. All six members confirmed their attendance for the Volunteer Recognition.

Committee Member J. Dhaw recommended adding a Youth Action Committee (YAC) member to the CAB board for the 2016/17 year. Recreation Coordinator Adams shared the YAC Committee has a board and could bring the idea to the YAC Committee to add another board position to be the CAB/YAC Liaison. Vice Chair M. Goodman asked the two YAC members in the audience their opinion on the idea. YAC Committee Member Kevin Castor came to the podium and shared, he thought it would be a good idea to have a designated YAC Member attend CAB monthly meetings.

Vice Chair M. Goodman adjourned the Community Activities and Beautification Committee meeting at 7:38 p.m.

NEXT MEETING DATE: Tuesday, June 14, 2016 at 6:30 p.m. in the La Palma City Council Chambers

- Crew from Engine 10 (B Shift) provided a life and fire safety program and engine visit to students at Lakeview Elementary in **Yorba Linda**. The program was on June 7 from 10 a.m. -11:30 a.m.

Significant Emergency Incidents

Coto De Caza

Vegetation Fire – June 3 - At 11:19 a.m. Engine 40 was dispatched to a smoke check in the area of Knotty Oak in Coto de Caza. Moments later the incident was upgraded to a vegetation response due to credible local reports to ECC of smoke seen closer to Tortoise Shell in Coto de Caza. This location is in the State Responsibility Area and notifications were made. Engine 40 arrived onscene reporting approximately a two acre fire wind and topography driven in medium fuels with no immediate threat to structures. Next due units assisted with progressive hose lays. Battalion 7 assumed Tortoise Incident Command and requested two air tankers, one air attack, one hand crew strike team, and an agency representative. Battalion 7 estimated the fire at five acres with a potential for 12 acres. Divisions Alpha and Zulu were established as well as a structure protection group. The air tankers and air attack were cancelled shortly after arriving over the fire and orbiting. Dozer 1 and Santiago Crew put a line completely around the fire very quickly, closing the gap at approximately 2 p.m. The fire has been mapped at approximately 19.02 acres. Engine 2, Engine 25, Engine 63, Engine 77, Water Tender 16, Crew 18, and Santiago Crew are all committed to the incident overnight. Engine 307, Engine 339, Engine 40, Engine 345 will relieve overnight crews at 7 a.m. Water Tender 16 will have a field relief at 7 a.m. Santiago Crew will be recommitted to the incident for the next operational period. A fresh hand crew strike team will be onscene at the incident at 7 a.m.

There were a total of four OCFA personnel injuries on this incident. All patients were escorted ALS to local hospitals. Two of four patients were hoisted/extracted by Helicopter 2.

Incident Commander:

Chief Capobianco, B7

Cause:

Under Investigation

Silverado

Remote Rescue – June 4 - At 9:33 a.m. a remote rescue response was dispatched to the area of the Wildcat Canyon Trail south of Silverado. As ground units were making access into the area Duke1 from the sheriff's office arrived over the area. Engine 315's crew was able to make access to the patient, did an evaluation of her injuries, and determined that a hoist operation was needed. Helicopter 2 moved into the area and inserted a rescuer; the patient was packaged and then hoisted into the helicopter. She was flown directly to OC Global Medical Center Santa Ana arriving at approximately 10:35 a.m.

Incident Commander:

Chief Roberts, B3

Vegetation Fire

Black Star Canyon – June 4 - At 11:05 p.m. a vegetation fire response was dispatched to the area of Black Star Canyon Road north of Silverado Canyon Road. First arriving units found approximately ½ an acre of light to medium brush involved in fire. With the potential for the fire to grow to 20+ acres, five additional Type III Engines were requested. The fire was quickly contained at the initial size of ½ an acre and the additional resources were canceled.

Incident Commander:

Chief Roberts, B3

Cause:

Under Investigation

Buena Park

Structure Fire – June 5 - At 5:29 p.m. units were dispatched for a residential structure fire on 11th Street in Buena Park. There were reports of explosions and one confirmed burn patient. Engine 62 arrived onscene established 11th street Incident Command, and upgraded to a working structure fire. HazMat units were requested for a possible honey oil lab inside the structure. Simultaneously police personnel were working a SWAT operation around the corner from this incident (SHOOT INC #16-059062). Units onscene or enroute to the working structure fire were advised to use extreme caution for a suspect on a roof with a rifle. The fire was called under control at 5:45 p.m. and one burn patient was transported to UCI Medical Center. Anaheim PD was onscene as forced protection for OCFA personnel. Battalion 8 assumed Incident Command and the working structure fire and the SHOOT incident were linked and treated as one in the same. ORC was in unified command with law enforcement as there was a wide search for the suspect once he came down from the roof. Notification of a possible missing second burn patient came about; an alert was sent out to all Orange County and Los Angeles County area hospitals to be aware of a potential burn patient. HazMat Units and Investigators cleared the scene at approximately 10:20 p.m. HazMat, Investigators, and Truck 61 will return at 7 a.m. for the investigative dig out. There are too many unknown hazards inside the structure to perform this work at night. PD notified ORC the suspect had been located and was in custody at 11:45 p.m. All units cleared the scene at 12:21 a.m.

Incident Commander:

Chief Mattern, B8

Cause:

Under Investigation

Yorba Linda

Garage Fire – June 5 - At 6:44 p.m. units responded to a garage fire on Denver Avenue in Yorba Linda. Engine 10 arrived onscene, assumed Denver Incident Command and requested the response balance to a working structure fire. Battalion 2 assumed Incident Command, reported the fire was contained to the garage and the working assignment could be cancelled. The fire was called under control at 7:17 p.m. Battalion 2 and Engine 10 handling the investigation into cause and origin.

Incident Commander:

Chief Roberts, B2

Cause:

Under Investigation

Yorba Linda

Vegetation Fire – June 7 - At 1:33 p.m., ECC received a report of a possible vegetation fire near the golf course at Vinwood and Harlan Drive in the Black Gold area of Yorba Linda. As units were enroute, more reports were involved, and the incident was upgraded to a Medium Watershed response. Battalion 2 arrived on scene and found a small spot on a small hill in between two homes, and handled with himself and four engines.

Incident Commander:

Chief Covey, B2

Cause:

Under Investigation

Orange

Vegetation Fire – June 7 – At 3:11 p.m., ECC received a request from Metro Net via the CAD to CAD connection for units to assist on a small vegetation fire at Taft and Cannon Rd in Orange. ECC dispatched initially Battalion 3, Engine 8, and Helicopter 1 to assist. While the incident continued, Metro Net requested a crew, superintendent, and an additional Battalion Chief as the leader of an XOR strike team (Battalion 2). The fire was knocked down at approximately 3:47 p.m.

Incident Commander: Metro Net

Technical Remote Rescue

Yorba Linda – June 7 - At 10:37 p.m. OCFA received a call of a technical remote rescue from Blue Gum, in Yorba Linda, stating a male patient was intoxicated and unable to walk out of Chino Hills State Park. Upon arrival, firefighters found a total of three subjects severely intoxicated, one of which had suffered a 50' fall into a ravine. The other two were stuck in the same ravine after attempting to rescue him. Duke 1 assisted in locating the patient while units were making ground access. Once the group was located and the access assessed, Helicopter 1 inserted a rescuer as ground resources set up a rope system to make access. Due to the technical nature of the rope system needing to be established, technical rescue Truck 34 and Heavy Rescue 6 assisted the initial engine company on scene. The primary patient was determined to be a trauma which required a stokes basket hoist evolution to remove him. The patient was "short hauled" to a nearby location for continued paramedic evaluation, treatment, and transport to Placentia Linda Hospital. Helicopter 1 needed to be refueled after the first short haul evolution. Ground based resources continued with their rope system rescue and evacuated the other two individuals who were released to OCSD. OCFA was assisted by Anaheim Fire Department and OCSD. All units were completed at 01:12 a.m.

Memorandum

DATE: June 2, 2016
TO: Member Agencies – MWDOC Division One
FROM: Brett R. Barbre, Director – Division One
SUBJECT: Monthly Water Usage Data, Tier 2 Projection & Water Supply Information

The attached figures show the recent trend of water consumption in Orange County (OC), an estimate of Tier 2 volume for MWDOC, and selected water supply information.

- Fig. 1 OC Water Usage, Monthly by Supply OCWD Groundwater water was the main supply in April.
- Fig. 2 OC Water Usage, Monthly, Comparison to Previous Years Water usage in April 2016 was about low compared to the last 5 years. Lower usage is primarily due to strong conservation efforts and mandatory restrictions set by the governor. Rainfall for April 2016 was below the historical average and temperatures were slightly above average.
- Fig. 3 Historical OC Water Consumption OC water consumption was 571,000 AF in FY 2014-15 (*this includes ~17 TAF of agricultural usage and non-retail water agency Usage*). This is about 50,000 AF less than FY 2013-14 but is about 16,000 AF higher than FY 2010-11 (Fiscal year with lowest usage). Water usage per person was the lowest it has been for Orange County at 164 gallons per day. Although OC population has increased 20% over the past two decades, water usage has not increased, on average. A long-term decrease in per-capita water usage is attributed mostly to Water Use Efficiency (water conservation) efforts. High Temperature, precipitation and the economy all remain indicators to O.C. water consumption.
- Fig. 4 MWDOC “Firm” Water Purchases, 2016 “Firm” water above the Tier 1 limit will be charged at the higher Tier 2 rate. Our current projection of Tier 2 purchases is zero in 2016.

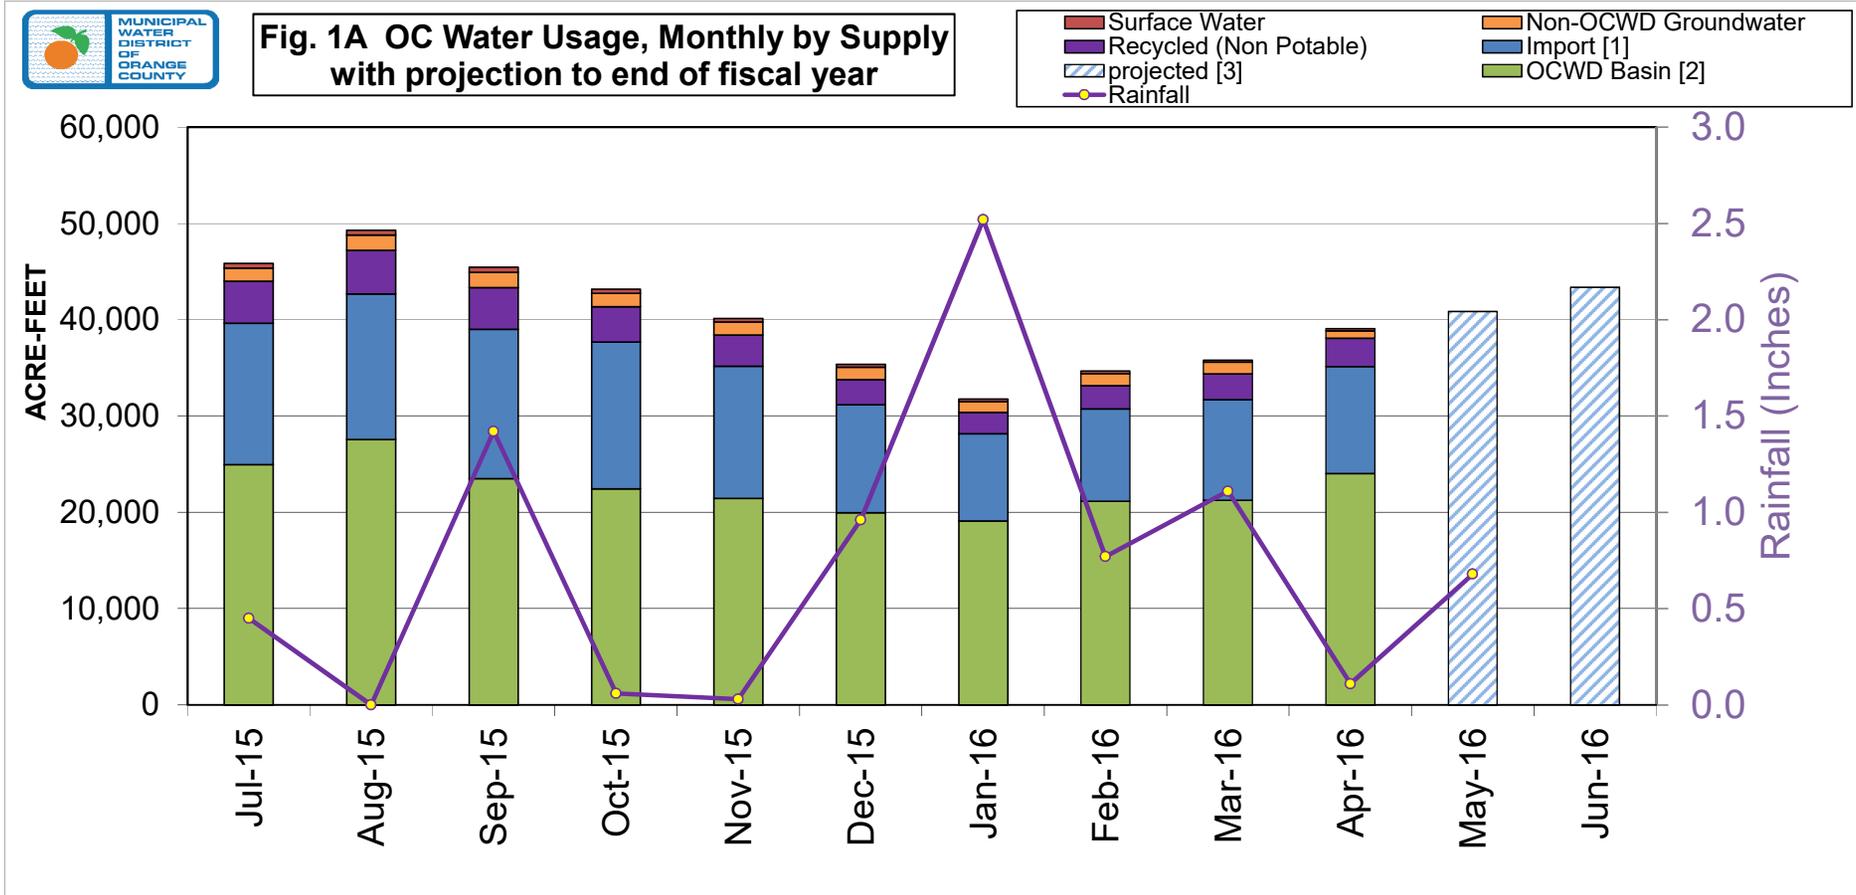

Water Supply Information Includes data on: Rainfall in OC; the OCWD Basin overdraft; Northern California and Colorado River Basin hydrologic data; the State Water Project (SWP) Allocation, and regional storage volumes. The data has implications for the

magnitude of supplies from the three watersheds that are the principal sources of water for OC. Note that a hydrologic year is Oct. 1st through Sept. 30th.

- Orange County's accumulated rainfall through May was well below average for this period. This continues the impact of the previous four hydrologic years' below-normal rainfall in reducing those local supplies that are derived from local runoff. El Nino conditions are weakening and unfortunately there has not been the large amounts of precipitation for Southern California that was anticipated.
- Northern California accumulated precipitation in May was around 119% of normal for this period. The Northern California snowpack is 97% of normal as of April 1st. This follows three below-average hydrologic years. The State of California has been in a declared Drought Emergency since January 2014. The State Water Project Contractors Table A Allocation is only 60% as of the end of May.
- Colorado River Basin accumulated precipitation in March was 102% average for this period. The Upper Colorado Basin snowpack was 85% of normal as of April 15th. This follows two below-average hydrologic years, and this watershed is in a long-term drought. Lake Mead and Lake Powell combined have about 59% of their average storage volume for this time of year. If Lake Mead's level falls below a "trigger" limit at the end of a calendar year, then a shortage will be declared by the US Bureau of Reclamation (USBR), impacting Colorado River water deliveries for the Lower Basin states. As of Late May Lake Mead Levels were hovering around the "trigger" limit but fortunately levels are expecting to increase from the large amounts of precipitation that hit the Colorado River Basin this summer and spring. The USBR predicts that the "trigger" level will not be hit by the end of 2016.

Fig. 1A OC Water Usage, Monthly by Supply with projection to end of fiscal year

[1] Imported water for consumptive use. Includes "In-Lieu" deliveries and CUP water extraction. Excludes "Direct Replenishment" deliveries of spreading water, "Barrier Replenishment" deliveries, and deliveries into Irvine Lake.

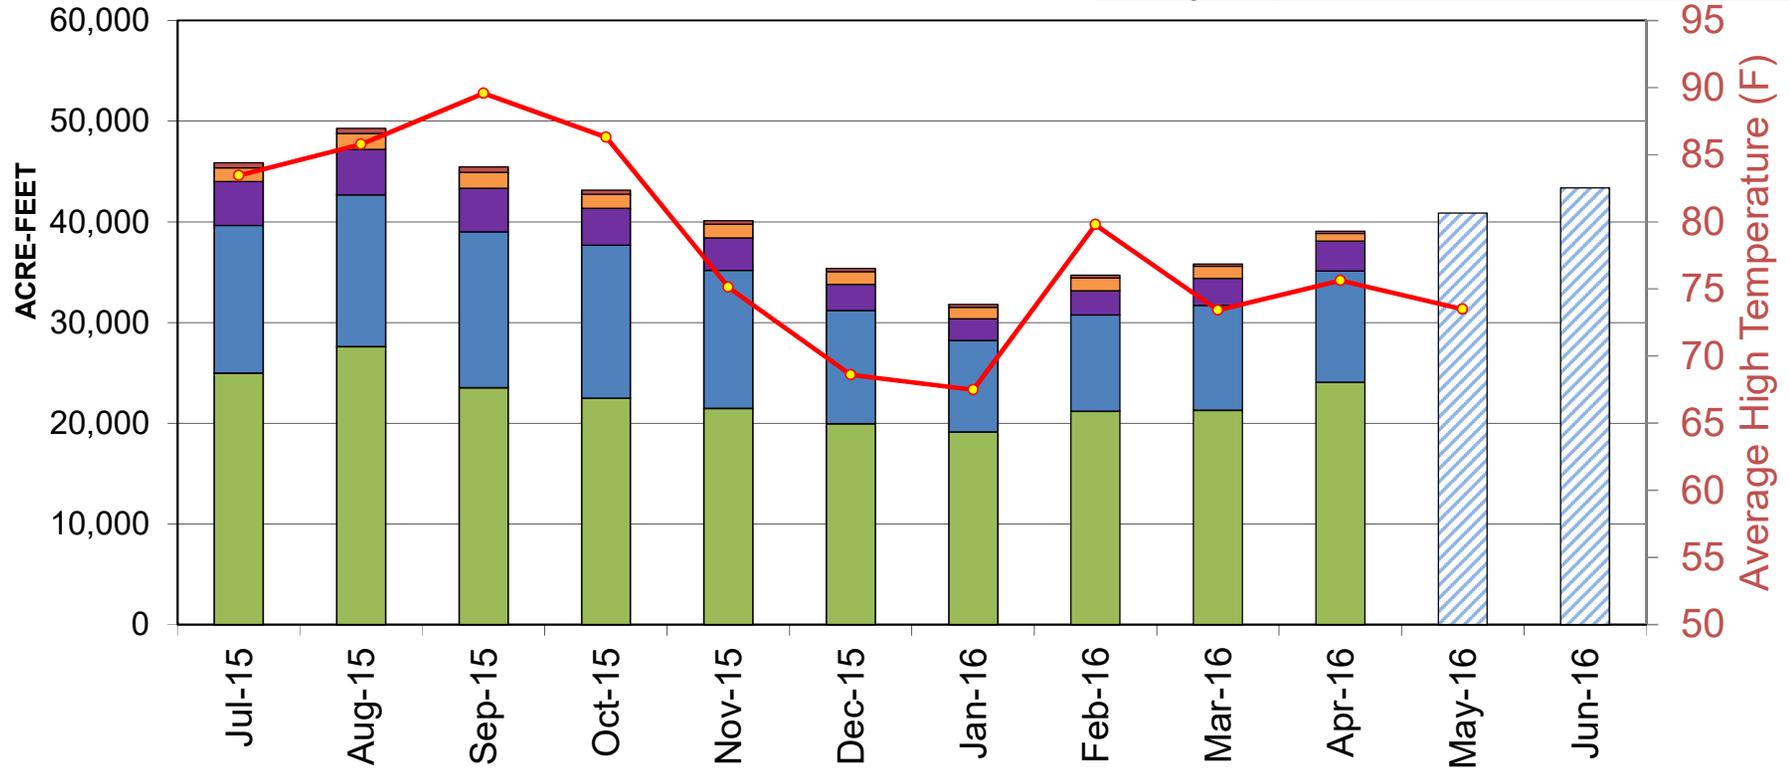

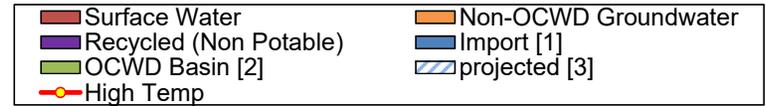

[2] GW for consumptive use only. Excludes In-Lieu water deliveries and CUP water extraction that are counted with Import. BPP in FY '15-16 is 75%.

[3] MWDOC's estimate of monthly demand is based on the projected FY 15-16 "Retail" water demand and historical monthly demand patterns.

[4] Total water usage includes IRWD groundwater agricultural use and usage by non-retail water agencies.

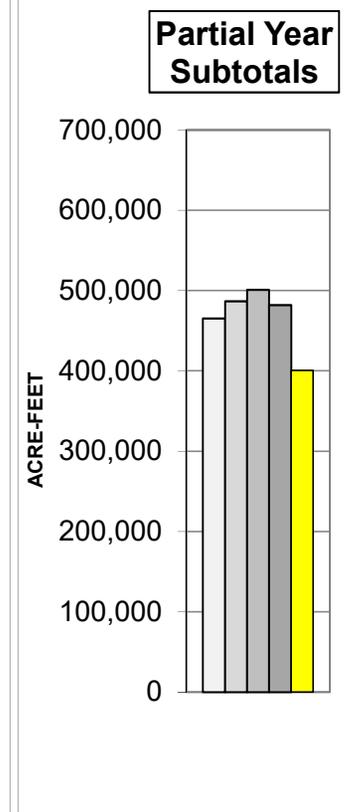

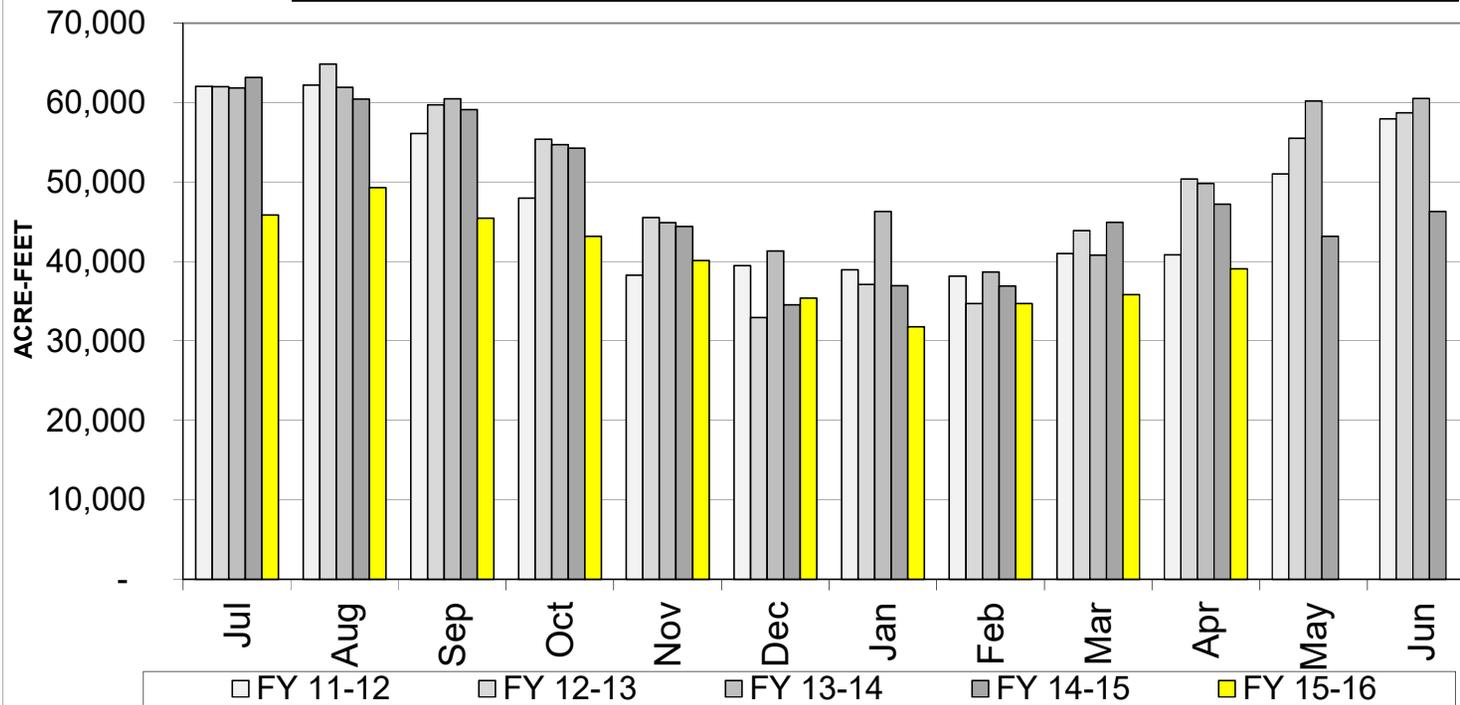

Fig. 1B OC Water Usage, Monthly by Supply with projection to end of fiscal year

[1] Imported water for consumptive use. Includes "In-Lieu" deliveries and CUP water extraction. Excludes "Direct Replenishment" deliveries of spreading water, "Barrier Replenishment" deliveries, and deliveries into Irvine Lake.
 [2] GW for consumptive use only. Excludes In-Lieu water deliveries and CUP water extraction that are counted with Import. BPP in FY '15-16 is 75%.
 [3] MWDOC's estimate of monthly demand is based on the projected FY 15-16 "Retail" water demand and historical monthly demand patterns.
 [4] Total water usage includes IRWD groundwater agricultural use and usage by non-retail water agencies.

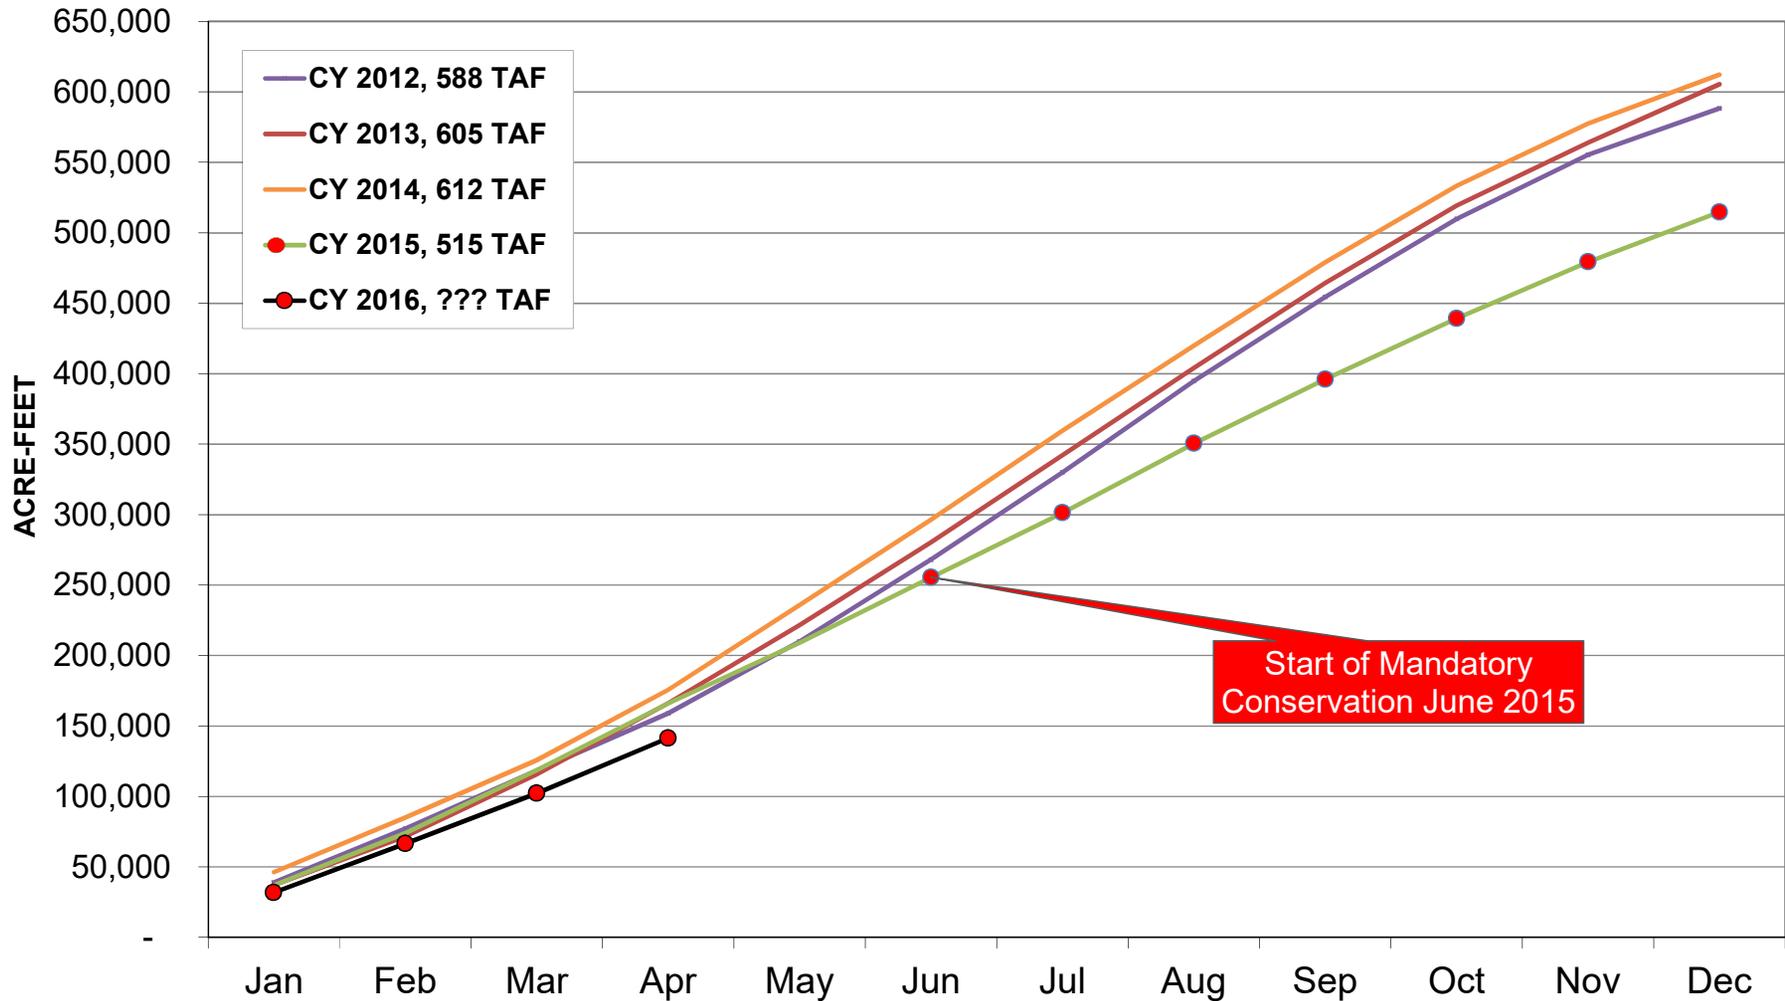

Fig. 2A OC Monthly Water Usage [1]: Comparison to Last 4 Fiscal Years

[1] Sum of Imported water for consumptive use (includes "In-Lieu" deliveries; excludes "Direct Replenishment" and "Barrier Replenishment") and Local water for consumptive use (includes recycled and non-potable water; excludes GWRS production, groundwater pumped to waste, and waste brine from water treatment projects.) Recent months numbers include some estimation.

[1] Consumption includes potable, recycled and non-potable usage; excludes Barrier and Spreading water. The most recent data involve some estimation.

[2] Gallon per Capita Daily (includes all types of water usage and all type of water users).

Fig. 4 MWDOC's Firm Water Purchases in CY 2016
 Monthly Actual and Projected to CY Total

Notes

- "Firm" includes Full Service (both Treated and Untreated) and Barrier water.
- Basin Pumping Percentage (BPP) is the percentage of a retail water agency's total water demand that they are limited to pump from the OCWD-managed groundwater basin. BPP pertains to Basin agencies only. For example, if a Basin agency's total demand is 10,000 AF/yr and OCWD sets the BPP at 72%, then the agency is limited to 7,200 AF of groundwater that year. There may be certain exceptions and/or adjustments to that simple calculation. OCWD sets the BPP for the Basin agencies, usually as of July 1st.

Lake Mead Historical Water Elevation Level

This Summer

Natural gas provides fuel to many local area power plants

This year, the SoCalGas Aliso Canyon facility (a major storage facility of natural gas) has restricted operations and is unable to provide gas to power plants as it has in the past.

SCE is one of the largest users on the SoCalGas system. Because of Aliso Canyon's restricted operations, the risk to electric reliability has increased. SCE is very focused on this issue. Without gas to power generation plants, there are predictions that there could be rotating outages this summer.

What SCE is Doing

SCE will do everything we can to minimize the impact of the natural gas storage issues on the reliable delivery of power for our customers.

SCE is expanding customer programs to reduce the use of electricity and exploring contracts for electricity resources outside of Southern California.

SCE Programs

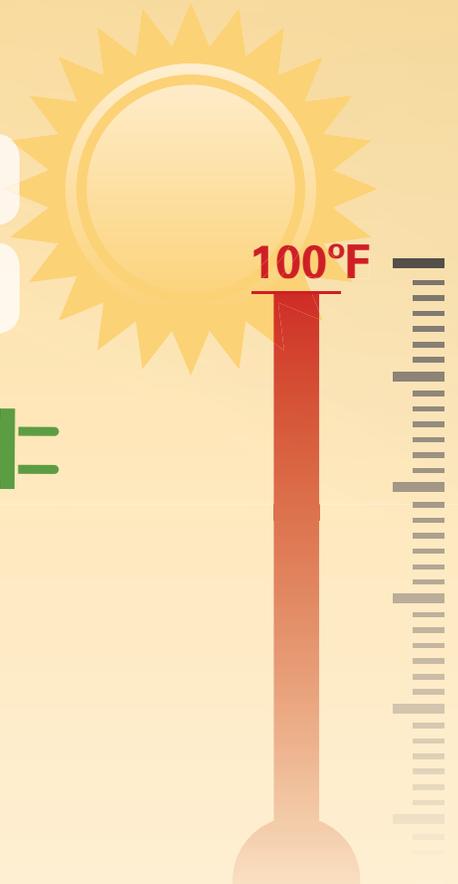

SCE is enhancing the use of programs to reduce the use of electricity at the times of highest customer demand.

These include programs for residential and business customers to reduce the amount of electricity they use.

More on SCE programs can be found at:

Residential Customers: on.sce.com/tips

Business Customers: on.sce.com/drp

What You Can Do to Conserve

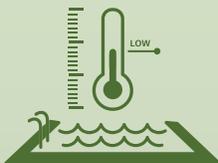

Around Your Home

- Set your thermostat to 78 degrees or higher.
- Cook with your grill or microwave to keep your home cooler.
- Close your blinds to keep out the afternoon heat.
- Give your dryer a break and hang-dry your clothes.
- Reduce the temperature of your home's natural gas water heater.

Around the Pool

- Check the accuracy of your spa's natural gas thermostat.
- Lower the temperature setting on pool or spa heaters, and turn down while on vacation.
- Use a solar pool cover and have the sun heat the water's surface.

At Work

Flip the Switch

- Turn off unnecessary lighting.
- Adjust lighting time clocks or computer-lighting programs to reduce occupancy cycles.

Power Down

- Shut down lighting and A/C in unused rooms.
- Charge batteries and battery-operated equipment before or after TOU On-Peak hours.
- Turn off decorative fountains.
- Shift use of non-essential electrical equipment.

Keep Your Cool

- Pre-cool building/work areas at night or in the morning.
- Lower or close your window treatments to block the solar heat
- Disable A/C start during TOU On-Peak hours.
- Turn off hot-water boilers early and allow temperatures to coast.
- Duty-cycle less critical A/C equipment not susceptible to cyclic damage.
