La Palma Adopts Goals for 2010

LA PALMA, Calif. – Recently, the La Palma City Council conducted its annual goal setting session. After a full day of discussions, the City Council adopted four priority goals for the year. The priority goals are to: strive for financial stability in the future; revisit the Civic Center project; develop/improve underutilized retail properties; and pursue joint use agreements with each School District. Mayor Steve Shanahan said, “The City of La Palma is very fortunate to have the resources available, which allows the community to work towards these priority goals.”

Each of these priority goals includes a series of specific action items that City departments have begun to pursue and will follow throughout the year. Some of the key action items include: developing a comprehensive infrastructure needs assessment; establishing a timeline and direction for the Civic Center Project; exploring aesthetic enhancements to key corner properties; and discussing program/infrastructure needs with each School District.

A complete listing of the goals and the related action items can be found on the City’s website at www.cityoflapalma.org/goals.
